MEMORANDUM FOR THE RECORD

Subject: AECASSOWARY 2's Answers to Questionnaire on ZP/UHVR
and OUNz

1. In March 1957 an amendment to Project AERODYNAMIC was submitted by SR/PP requesting an additional [] for the remainder of FY 1957. This was approved in June, 1957 with the understanding that "complete project redocumentation reflecting the latest policy aspects on the use of emigres and fuller coverage of the sections on "Effectiveness" and "Evaluation" would be submitted prior to seeking renewal in FY1958". The memorandum outlining this conditional approval (a copy of which is attached) also gave specific guidance for this redocumentation.

2. In mid-July, the undersigned prepared a questionnaire on the basis of the specific requests for information in the above-mentioned memo and submitted this questionnaire to the Prologue Associates. The answers to Part A. - Political Potential are herewith submitted. The answers to Part B will be submitted as soon as they are received from AECASSOWARY 2.

3. To some extent, the material is a duplication of information in our own files. However, it is valuable from the standpoint of providing more current information on the views of the AECASSOWARIES both from the political viewpoint, and from the psychological warfare aspect. This questionnaire, supplemented by other information already in our files, should be sufficient to build a strong case for the continued use of the AECASSOWARIES in Project AERODYNAMIC.
